From the thrilling and lush paradise of *The Garden*, to the utter loathsomeness of evil's rampage in the Nazi Regime, to the deceptive calm of modern America—Becky Hermon's heritage and life reflects a paradise terribly and dreadfully lost. Will her spiritual odyssey bring her back to Eden, or push her to the brink of despair?

DEBORAH GALILEY, also the author of *Polished Arrows* and *Yohana*, grew up in a Conservative Jewish home on Long Island. After coming to faith in Yeshua in Los Angeles as a young adult, she met and married Steve, moved to central New York, and has been rebbetzin to his rabbi ever since. She is also a mother of five, percussionist, bread baker, youth group leader, and author of numerous publications for the Messianic Jewish Movement. Along with her husband and oldest son, Josh, she is currently translating the text for a Messianic Family Bible (see www.messianicfamilybible.org). Her husband has pioneered a Messianic and Contemporary Jewish internet radio station, www.soundsofshalom.com.
